✈️ @borisenko_dmitry

With over five years of experience in IT, I have a strong background in implementing client-server web applications.

I am seeking a position as a Frontend Developer. I am open to remote work opportunities as well as hybrid schedules with companies that have an office in Moscow.

Tech Stack

- JS JavaScript
- ⚛️ React
- Redux
- HTML
- CSS
- Node.js
- PostgreSQL
- Sequelize

Work Experience

Moscow Business Academy | April 2023 — Present
Fullstack Developer
Developed and maintained web applications for Moscow Business Academy and several educational organizations using Next.js on the frontend and Strapi coupled with PostgreSQL on the backend.
Interacted with Portainer for container management, resolved bugs, and performed DevOps tasks related to CI/CD and deployment automation.
Tech Stack: Next.js, SASS, Strapi, PostgreSQL, GraphQL

Dobrostock | November 2022 — April 2023
Frontend Developer
Developed an admin panel for Dobrostock photo stock authors using T3 stack and Next.js, providing a user-friendly interface for content management.
Implemented an authorization system using NextAuth.
Optimized images on the backend, which improved site performance and accelerated loading times.
Tech Stack: Next.js, Tailwind CSS, Chad/cn, NextAuth

Inspro | April 2020 — September 2022
Fullstack Developer
Worked in a company providing accounting services, where I was involved in both backend and frontend development, including work with PostgreSQL databases.
Maintained efficient processing of accounting data and reporting.
Tech Stack: HTML, CSS, JavaScript, PostgreSQL

Education

Degree: Law

Moscow Institute of Municipal Management	2012 2016
